2019 GENERAL ELECTIONS REPORT

As per the dictates of Section 65A (13) of the Constitution of Botswana, we hereby submit to you our report on the activities and processes leading to the preparation for, and conduct, of the 2019 General Elections held on the 23rd October, 2019. The elections followed the dissolution of Parliament on the 28th August, 2019. Subsequently, on the 30th August, 2019, His Excellency the President issued a Writ of Election for each of the Fifty-Seven (57) constituencies. He declared the 26th September, 2019 as Nomination Day and the 23rd October, 2019 as Polling Day.

Similarly, in terms of Section 154 (1) and 34 of the Electoral Act, on the 30th August, 2019 the Honourable Minister of Local Government and Rural Development issued Four Hundred and Ninety (490) Election Instruments for the nomination and election of representatives of Local Authorities. The instruments also designated the 26th September, 2019 and the 23rd October 2019 as Nomination Day and Polling Day respectively.

In pursuance of such Writs of Election and Election Instruments, General Elections of representatives of the National Assembly and Local Authorities were held simultaneously on the 23rd October, 2019 throughout Botswana, with exception of the Boseja-Flowertown Polling District, which was countermanded and held on the 23rd November, 2019.

We now have the pleasure to submit our report on these elections.

Yours sincerely,

Honourable Justice A. B. Tafa
Chairman,
Independent Electoral Commission

Mrs. K. A. Zuze
Secretary,
Independent Electoral Commission

Acknowledgements

The success of these elections would not have been possible had it not been for the dedication and civic pride of Batswana who came in large numbers to vote. The peaceful environment which prevailed during elections is testimony of **Botho**, the spirit of unity, tolerance and humility, embedded in our culture as Batswana.

The Commission therefore, wishes to express its heartfelt appreciation to all citizens who exercised their civic duty of enhancing our democracy through the ballot. Further appreciation goes to political parties, other stakeholders, partners and individuals who contributed and participated in various ways towards delivering free, fair and credible elections.

Particular appreciation and recognition are extended to the Department of Government Printing and Publishing Services, Attorney General's Chambers, Botswana Police Service, Department of Information Technology, Department of Civil and National Registration, Central Transport Organisation, Ministries and other Departments as well as Local Authorities for their unwavering support.

Special appreciation goes to Poll Staff for working tirelessly during the election period to perform a national duty with diligence and professionalism. Furthermore, the media fraternity is acknowledged for providing platforms to widely publicise electoral information.

Thank you!

1.0 INTRODUCTION

2019
GENERAL ELECTIONS
REPORT

“
Botswana Parliament
has Sixty-Three (63)
members, of which
Fifty-Seven (57) are
elected and Six (6) are
specially elected
”

1.1 Background

The Independent Electoral Commission (IEC) was established by Section 65A of the Constitution of Botswana in 1997. It comprises seven (7) members headed by a Chairperson, a sitting judge of the High Court, assisted by a Legal practitioner as Deputy Chairperson, the two are appointed directly by the Judicial Service Commission (JSC), whilst the other five members are also appointed by the JSC from a shortlist of persons recommended by the All-Party Conference. The Commission holds office for two (2) successive lives of Parliament. The responsibilities of the Commission as outlined in Section 65A (12) of the Constitution are as follows:

- ◆ To conduct and supervise elections of members of the National Assembly and Local Authorities
- ◆ To conduct referenda
- ◆ To ensure that elections are conducted efficiently, properly, freely and fairly
- ◆ To give instructions and directions to the Secretary to the Commission with regard to their responsibilities under the Constitution and electoral laws generally
- ◆ To perform such other functions as may be prescribed by an Act of Parliament

The 2015 – 2020 Electoral Cycle is the Fifth (5th) since the IEC conducted elections in Botswana. Previously, elections were conducted by the Permanent Secretary to the President (PSP) until 1984. Then the Office of the Supervisor of Elections was established and conducted elections until 1997 when the IEC was established. There was discomfort from the opposition bracket with regards to elections being conducted from the office of the President. As a result, a referendum was conducted and resulted in the advent of the Independent Electoral Commission. These changes occurred in an endeavour to make the elections more credible, increase citizen participation and strengthen electoral democracy of the country.

In addition to the legal framework which governs the conduct of elections in Botswana, the Commission has a responsibility to initiate administrative enhancements which make the electoral process more efficient for increased citizen participation and improved electoral service delivery. The Commission also introduced streaming at some polling stations which enabled creation of multiple voting rooms in order to manage congestion.

1.2 Electoral System

The Constitution lays the foundation of the electoral system of Botswana. Since the pre-independence elections of 1965, Botswana adopted the First-Past-The-Post (FPTP) electoral system. The second general elections were held in 1969, thereafter, harmonised elections for National Assembly and Local Authorities are held every five years.

Botswana Parliament has Sixty-Three (63) members, of which Fifty-Seven (57) are elected and Six (6) are specially elected. At Local Government level, there are Six Hundred and Three (603) members of which Four Hundred and Ninety (490) are elected while One Hundred and Thirteen (113) are specially elected.

1.3 Strategic Direction

In order to facilitate the electoral process, the Commission develops Five (5) year strategic plans at the end of every electoral cycle. The 2015 – 2020 Strategic Plan was developed and implemented in the 12th Electoral Cycle to deliver the 2019 General Elections.

The Strategic Plan was informed by lessons learnt from the 2014 General Elections, elections observer reports, National Stakeholder Evaluation Report and subsequent by-elections. The strategy also guided resource allocation and utilisation (financial, human and material) for the successful delivery of elections.

2.0 LEGAL FRAMEWORK 2019 GENERAL ELECTIONS REPORT

2.1 Introduction

The successful conduct of credible elections is anchored on an enabling legal framework which includes the Constitution of Botswana, Electoral Act, Local Government Act, and the Presidential Elections (Supplementary Provisions) Act.

2.1.1 Constitution of Botswana

The Constitution of Botswana provides for:

- ◆ Establishment of the Independent Electoral Commission and appointment of the Secretary to the Independent Electoral Commission;
- ◆ Indirect Presidential Elections;
- ◆ National Assembly elections;
- ◆ Registration of voters;
- ◆ The frequency of general elections;
- ◆ Timeframe within which to hold elections after dissolution of Parliament;
- ◆ Referendum.

2.1.2 Presidential Elections (Supplementary Provisions) Act

The Act provides direction for the conduct of presidential nominations with the Chief Justice as Returning Officer in this process. The Act further provides for the Secretary to the Commission to appoint Authenticating Officers and issue them with authenticating stamps. The Secretary further facilitates the nomination process by providing election rolls.

2.1.3 Electoral Act

The Electoral Act provides the procedure for the electoral processes including establishment of polling districts and polling stations, registration of voters, nomination of candidates, polling and counting, election expenses and petitions. It also stipulates forbidden acts categorised as corrupt practices.

2.1.4 Local Government Act

The Local Government Act provides for qualifications for Local Government Elections candidature, and the timeframe within which a Local Government vacancy can be filled.

2.1.5 Referendum Act

The Referendum Act provides the procedure for the conduct of a referendum.

PRE-ELECTION PHASE

3.0
2019
GENERAL ELECTIONS
REPORT

3.1 Review of Polling Stations

In 2015, the Secretary initiated the review of polling stations in accordance with Section 5 of the Electoral Act. The review resulted in a reduction of polling stations from Two Thousand Six Hundred and Six (2 606) to Two Thousand Two Hundred and Sixty (2 260) locally and from Thirty-Eight (38) to Thirty-Six (36) externally. The reduction was mostly due to merging of multiple polling stations in one designated area such as schools.

3.2 Streaming of Polling Stations

Polling station streaming was introduced for the 2019 General Elections in order to reduce congestion and waiting period for voters. Polling stations that were targeted were those with One Thousand and Fifty (1 050) or more registered voters.

3.3 Civic and Voter Education

IEC is not mandated by law to conduct civic and voter education. However, to ensure that the citizenry is informed on issues of democracy, governance and elections, the Commission carried out civic and voter education initiatives in preparation for the 2019 elections. In the run up to the 2019 General elections, the Commission developed voter education materials that included posters, brochures, fliers and booklets. The Commission also provided some voter education materials in Braille format for ease of use by the visually impaired and partially sighted citizens. Sign language interpretation service was provided in training workshops for the deaf and hard of hearing citizens.

3.3.1 Workshops and Sensitisation Meetings

In order to further disseminate voter education, workshops were conducted for People with Disabilities, Women advocacy organisations, Youth organisations and Faith Based Organisations. The workshops were meant to share critical information on electoral processes and strengthen partnerships with various stakeholders. Furthermore, the Commission conducted sensitisation meetings for Public Service Employees, Ntlo Ya Dikgosi, Local Government Authorities (Councils) and the National Assembly.

3.3.2 Youth Engagement

The youth constitutes more than 60% of the population in Botswana and therefore, requires continuous engagement to keep them abreast with the electoral process. Historically, youth participation in democracy and elections has been a challenge. The Commission invested time and money in engaging and mobilising the youth to participate in the electoral process.

Democracy Youth
Clubs

3.3.2.1 Youth Ambassador Programme

The Youth Ambassador Programme is an initiative that involves out of school youth across Botswana to act as peer educators in relation to democracy and elections. During the build-up to the 2019 General Elections, there were 66 Youth Ambassadors.

3.3.2.2 Democracy Youth Clubs (DYC)

Democracy Youth Clubs have been established in secondary schools across the Country. In order to inculcate ideals of democracy and elections at a young age, the clubs are established to mirror the electoral process in the election of Student Representative Councils.

3.3.2.3 School Curriculum

Democracy and other election related topics have been infused into the Social Studies syllabus in an endeavour to further inculcate the ideals of democracy and elections from primary to senior secondary level.

3.3.2.4 Social Media Campaigns

Social media, particularly Facebook and YouTube were key features of youth targeted campaigns aimed at enhancing youth participation in the electoral process. As a result of continuous engagement through different platforms and programmes, youth participation in the electoral process has increased steadily from 21% in 2004 to 41% in 2019. (21%, 29%, 40% and 41% in 2004, 2009, 2014 and 2019 respectively).

3.3.3 Media and Elections

In recognising the role of media in elections, the Commission initiated targeted communication activities to ensure that all stakeholders are well informed on the electoral process. In particular, the Commission mounted media campaigns utilising electronic and print media.

3.3.4 Radio

All local commercial radio stations aired specific elections related programmes. Radio Botswana (RB) aired all programmes for the general population across the country due to its wide coverage.

3.3.5 Television

Television adverts and announcements on various electoral processes were aired on both Botswana Television and e-Botswana. The Commission secured airtime from Botswana Television for regular airing of election related programmes due to its wide coverage.

3.3.6 Newspapers

The Commission used various newspapers as part of its publicity platforms to further reach out to the general citizenry. The newspapers carried publicity messages on various electoral processes due to their long news life span and wider distribution.

3.3.7 Salary Advice Slips

The salary advice slips were used as a publicity platform to relay messages on electoral processes to Public Officers and Pensioners. The campaign on the platform highlighted the General Voter Registration period and the General Elections date.

3.3.8 Stickers & Posters

Magnetic stickers were produced and used on the IEC fleet to publicise the 2019 General Elections slogan “Make that Mark”. Posters carrying elections message were produced and placed at various public places throughout the country for increased publicity. Additionally, licence disks with the 2019 General Elections slogan were produced and distributed countrywide.

3.3.9 Billboards

In order to increase the visibility of election messages, the IEC used strategically located electronic and static billboards across the country at places such as bus ranks, along major highways and entry/exit points.

Outdoor Elections Advertising

3.3.10 Road Shows

Road-shows were mounted using the IEC Outside Broadcasting (OB) Van. This was one platform used to mobilise voters, especially the youth, in areas difficult to reach during the last and critical phase of the electoral process.

3.3.11 Stakeholder Engagement

Elections are a collective enterprise which requires collaboration between the Election Management Body (EMB) and electoral stakeholders. In its endeavour to contribute to the strengthening of democracy in the country, the IEC has worked with various stakeholders towards the delivery of the 2019 General Elections. These include;

- ◆ **Party Liaison Committee (PLC)**

This is a non-statutory structure of the IEC established at the local level that comprises several stakeholders (Political Parties, Youth, Faith Sector, People with Disabilities, Women, Media, Trade Unions, Police and Bogosi). The structure serves to advise the Commission on electoral matters at the local level as well as to serve as a conflict resolution body on the ground. Since the membership is inclusive of relevant stakeholders, the PLC serves to cater for the interests of the groups and assist the IEC with how to meet the various electoral and education needs:

OB Van in action

- ◆ **Botswana Council of Non-Governmental Organisation (BOCONGO)**

This is a body of civil society organisations in Botswana. BOCONGO mobilised resources and traversed the length and breadth of the country educating its members and the general electorate on the importance of elections and how to vote. It also contributed in the publicity for the 2019 General Elections.

- ◆ **Organisation for Youth and Elections in Botswana (OYEBO)**

OYEBO is an organisation which sensitises and empowers youth on civil liberties. It encourages active participation in the electoral process by young people not only as voters but candidates as well. OYEBO has conducted several workshops in collaboration with IEC whilst some were conducted independently, for the 2019 General Elections.

- ◆ **Democracy Works Foundations (DWF)**

The Foundation analyses the health of democracy in countries and advocates for innovative interventions in order to foster inclusive democratic development. In preparation for the 2019 General Elections, DWF conducted several workshops for political parties focusing on inner-party democracy and sensitising political parties on electoral laws and processes.

3.4 Registration of Voters and Preparation of Rolls

3.4.1 Voter Registration

The Commission, in recognising voter registration as a foundation for democratic elections, provided an opportunity for all eligible voters to participate in the electoral process in accordance with Section 67 of the Constitution. Section 7 of the Electoral Act provides for a compilation of a new voters roll for every general election which remains operational for the whole electoral cycle. Out of the One Million Five Hundred and Ninety-Two Thousand, Three Hundred and Fifty (1 592 350) eligible voters, the Commission set 80 % of the eligible voting population as a target which translated to One Million Two Hundred and Seventy-Three Thousand, Eight Hundred and Eighty (1 273 880).

General Voter Registration was conducted from the 3rd September to the 11th November, 2018 locally and in the diaspora which only registered Seven Hundred and Forty-Seven Thousand, Six Hundred and One (747 601) which translated to 59% of the target. In compliance with Section 8 of the Electoral Act, the Commission set a period for supplementary voter registration from the 17th December 2018 to the 31st March 2019 locally and Fifty Thousand, Three Hundred and Sixty-One (50 361) voters were registered which translated to 4% of the target.

The two registration exercises cumulatively registered Seven Hundred and Ninety-Seven Thousand, Nine Hundred and Sixty-Two (797 962) which

translated to 63% of the target. Consequently, the Commission set a period for second supplementary voter registration from the 15th to 28th April 2019 which was conducted locally and in the diaspora. A total of One Hundred and Twenty-Six Thousand, Four Hundred and Seventy-Two (126 472) voters were registered which translated to 10% of the target. At the end of the three registration phases, the Commission had registered a total of Nine Hundred and Twenty-Five Thousand, Four Hundred and Seventy-Eight (925 478) voters which translated to 73% of the One Million Two Hundred and Seventy-Three Thousand, Eight Hundred and Eighty (1 273 880) target that the Commission had set.

“
At the end of the three registration phases, the Commission had registered a total of Nine Hundred and Twenty-Five Thousand, Four Hundred and Seventy-Eight (925 478) voters which translated to
73%
”

3.4.2 Preparation of Rolls

A credible election roll as a backbone to credible elections requires rigorous measures to be put in place for roll preparation. Following each of the voter registration exercises, voter details on the record cards (Form A) were scanned using the Optical Mark Reader (OMR) Scanners and captured into the Election Management System (EMS) database.

The General Roll was then generated and published for inspection for Forty-Two (42) days while the Supplementary Voters Rolls, were each published for Twenty-One (21) days. This was done to afford the public the opportunity to raise objections against inclusion of any name in the rolls and facilitate the correction of any anomaly. A total of One Thousand Four Hundred and Seventy-One (1 471) objections were lodged with various Magistrates' Courts and Six Hundred and Eighty (680) upheld and the defendants struck-off the roll.

The three rolls were amalgamated into an Election roll, certified and used for the 2019 General Elections following the issuance of Writs of Elections and Election Instruments. The roll remains operational to facilitate any by-election and referenda which may become necessary. Below is a representation of the certified voters roll depicting registered voters according to age. It shows that the youth still register in comparatively small numbers in spite of the fact that they make a significant portion of Botswana's population (see Figure 1).

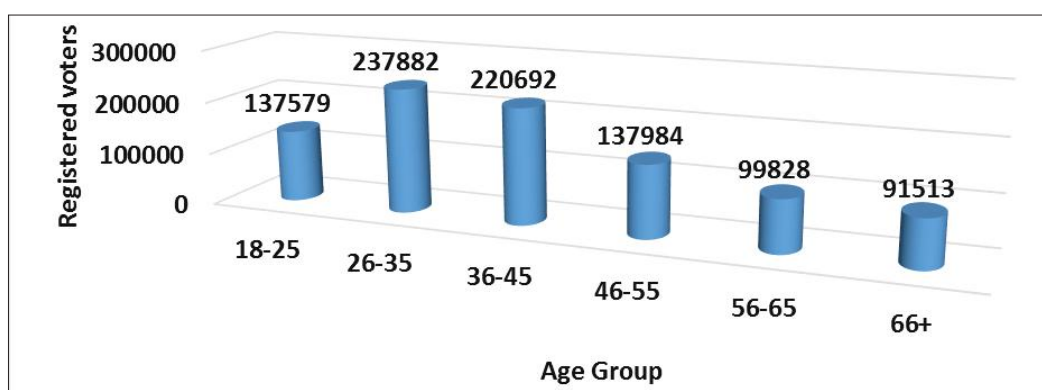

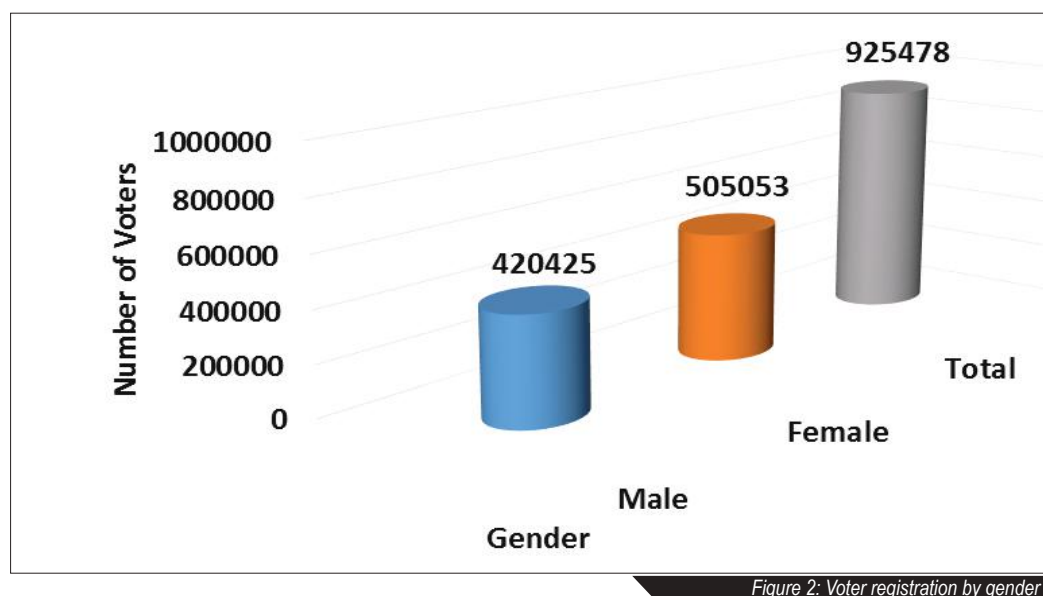

Figure 1: Voter registration by age group

Figure 2 illustrates the disaggregation of registered voters by gender. It shows that females comprise a larger number of people who registered to vote in the 2019 General Elections.

3.5 Recruitment of Election Officials

3.5.1 Registration Officers

Nine Thousand Four Hundred and Sixty-Six (9 466) unemployed Batswana, mostly youth, were recruited as registration officers of which, Four Hundred and Twenty-Six (426) were supervisors.

3.5.2 Poll Staff

A total of Twenty-One Thousand Nine Hundred and Eighty-Seven (21 987) Public Officers were engaged as poll staff of which Five Hundred and Forty-Seven (547) and Two Thousand Four Hundred and Sixteen (2 416) were appointed as Returning Officers and Assistant Returning Officers respectively. The rest were Presiding, Polling and Tallying Officers. All the appointed poll staff were trained to facilitate polling in an efficient and effective manner.

3.6 Logistics

Logistical planning as a key process required the Commission to timeously put in place effective measures to ensure a coordinated and inclusive approach in the delivery of the 2019 elections. The planning involved acquisition, packaging and distribution of election material as well as sourcing transport to facilitate the elections.

3.6.1 Ballot Papers

RENFORM CC, a South African company, was awarded a tender to print ballot papers for Parliamentary and Local Government Elections. The ballot papers were successfully printed and delivered on time. Upon delivery of ballot papers from the printer, it was discovered that sixteen polling districts ballot papers had wrong symbols for independent candidates.

The affected polling districts were; Matlapana, Gxhabara, Chanoga-Phuduhudu, Khwai-Mababe, Senyawwe, Tshesebe, Themashanga, Matsiloje, Matshelagabedi, Ditladi, Tati Siding East, Tati Siding West, Masunga, Donga, Somerset East and Manonnye. The Commission ordered the reprinting of corrected ballot papers from the same printer. It was further discovered during distribution of election materials that the ballot papers for Gakuto-Kopong West Polling District in the Lentsweletau-Mmopane, did not include Alliance for Progressives even though its candidate was validly nominated. In another case, a symbol for an independent candidate for the Gxhabara Polling District, in the Maun East Constituency, was incorrect. The Commission ordered the reprinting of the corrected ballot papers for the two polling districts at the Department of Government Printing and Publishing Services (GPPS) because it was too late to reprint in South Africa.

3.6.2 Polling Booths

In order to ensure inclusivity in the electoral process, a total of Four Thousand Six Hundred and Twenty-Six (4 626) specially designed booths were procured and distributed across the country to cater for all voters including those with special needs.

3.6.3 Distribution of Election Material

Distribution of all election material was done timeously to facilitate the delivery of elections. Ballot papers were collected by Returning Officers for transportation to constituencies and Polling Districts. Other election materials such as polling booths, tents, lamps and water containers were equitably distributed to all polling stations.

3.6.4 Transport

A total of Five Thousand Nine Hundred and Eighty-Two (5 982) vehicles required for the 2019 General Elections were sourced from various Government Ministries and Departments including Local Authorities. Where there were shortages, poll staff was authorised to use their own motor vehicles to carry less sensitive material and reimbursed accordingly. Air transport was used for places which were inaccessible by road.

2019
GENERAL ELECTIONS
REPORT

“
In accordance with
Section 91 (2) of the
Constitution, His
Excellency the
President of the
Republic of
Botswana dissolved
Parliament on the
28th August, 2019,
declaring vacancies
in the Fifty-Seven
(57) Constituencies.
”

4.1 Dissolution of Parliament

In accordance with Section 91 (2) of the Constitution, His Excellency the President of the Republic of Botswana dissolved Parliament on the 28th August, 2019, declaring vacancies in the Fifty-Seven (57) Constituencies. Dissolution of Parliament was followed by the issuance of Writs of Elections pronouncing the dates for nomination of candidates and polling as the 26th September, 2019 and 23rd October, 2019 respectively. Similarly, the Minister of Local Government and Rural development issued Election Instruments for the Four Hundred and Ninety (490) Polling Districts.

4.2 Presidential Nominations

Presidential nominations were held in accordance with Section 7 (1) of the Presidential Elections (Supplementary Provisions) Act on 21st September, 2019. The Secretary to the Commission had appointed Authenticating Officers to authenticate support papers for the Presidential nominations. The Chief Justice, as the Returning officer for Presidential Elections, received nominations at the High Court in Gaborone.

The candidates were duly nominated as shown in the table below:

Table 1: Presidential Candidates

Name of Candidate	Party
Ndaba N. Gaolatlhe	Alliance for Progressives
Mokgweetsi E. K. Masisi	Botswana Democratic Party
Biggie G. Butale	Botswana Patriotic Front
Duma G. Boko	Umbrella for Democratic Change

4.3 National Assembly and Local Government Nominations

Nominations for National Assembly and Local Government Elections were received in accordance with Section 34 (2) of the Electoral Act, on the 26th September 2019. There were altogether Two Hundred and Ten (210) National Assembly candidates and One Thousand Five Hundred and Forty Six (1 546) for Local Government.

Figure 3 depicts the number of constituencies contested by each political party and independent candidates. Six (6) political parties contested the National Assembly Elections. The Botswana Democratic Party and the Umbrella for Democratic Change were the only parties which fielded candidates in all the 57 constituencies.

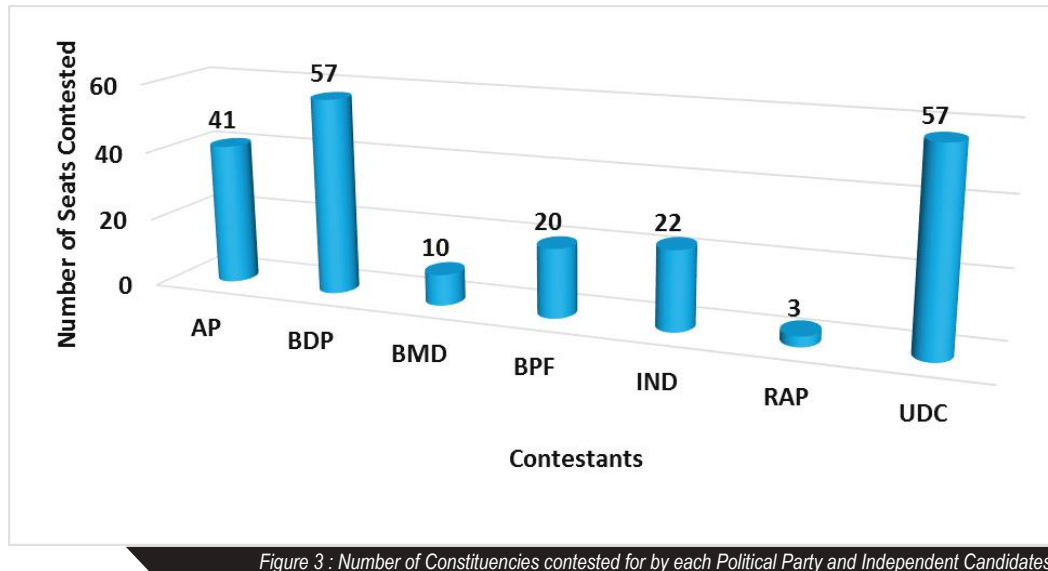

Figure 4 depicts the level of participation by gender in relation to candidature. It reflects that most political parties nominated fewer women candidates as compared to men. All political parties had less than five (5) women contesting, with RAP having no female contestant. Additionally, all Parliamentary Independent Candidates were male. The low numbers of women contesting for elections in Botswana remains worrisome.

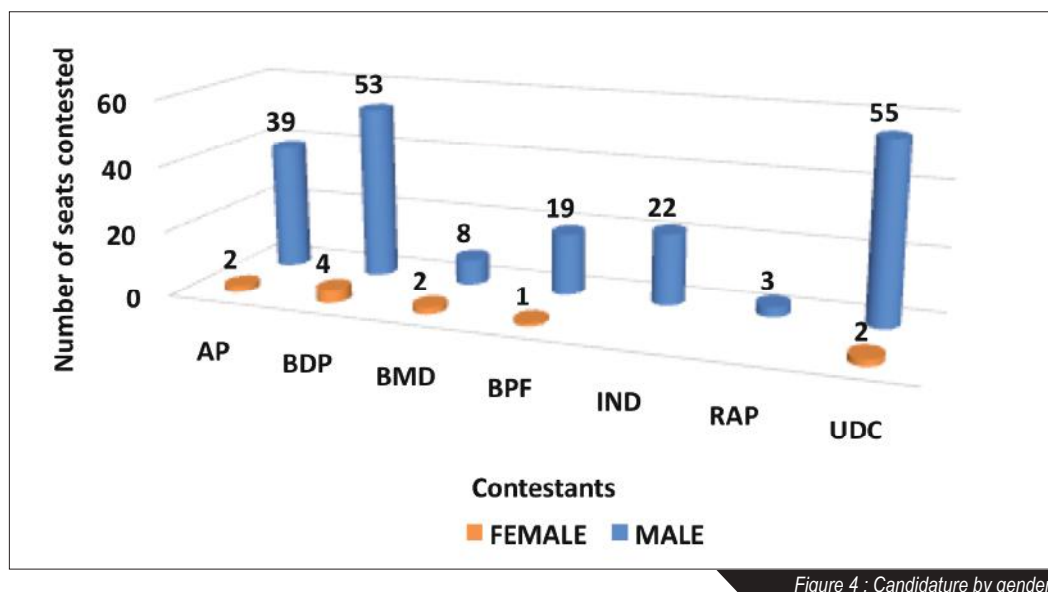

Figure 5 depicts the number of polling districts contested for by political parties and independent candidates. Five out of six political parties fielded candidates for Local Government Elections. There were also Two Hundred (200) independent candidates. The Real Alternative Party was the only party which did not nominate any candidate for Local Government Elections while Botswana Democratic Party managed to nominate candidates in all 490 polling districts.

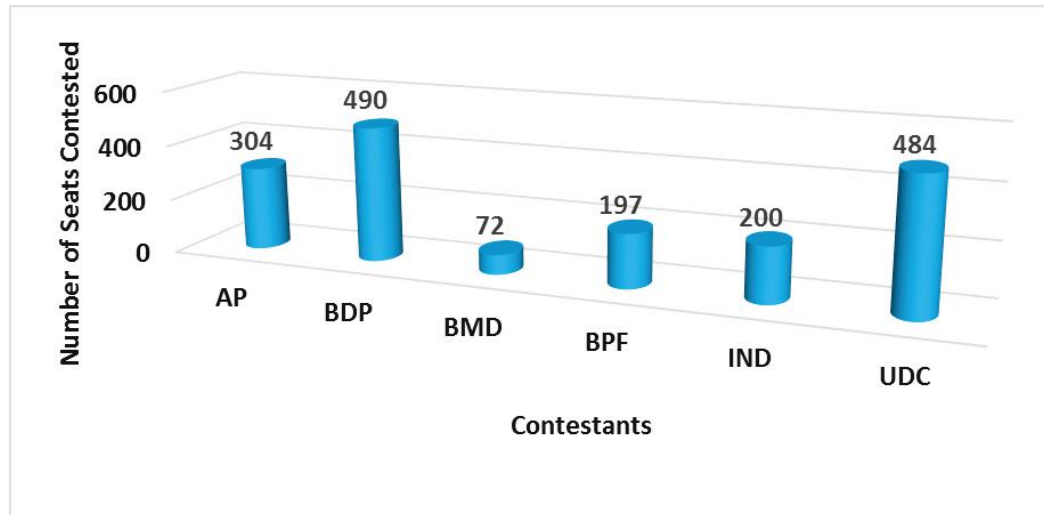

Figure 5: Total Number of Local Government Nominations per Party

Figure 6 depicts the level of participation by gender in relation to candidature in Local Government Elections. Two Hundred and Thirty-Six (236) women compared to One Thousand Five Hundred and Eleven (1 511) men contested for Local Government elections. This is a worrisome trend for all stakeholders to address.

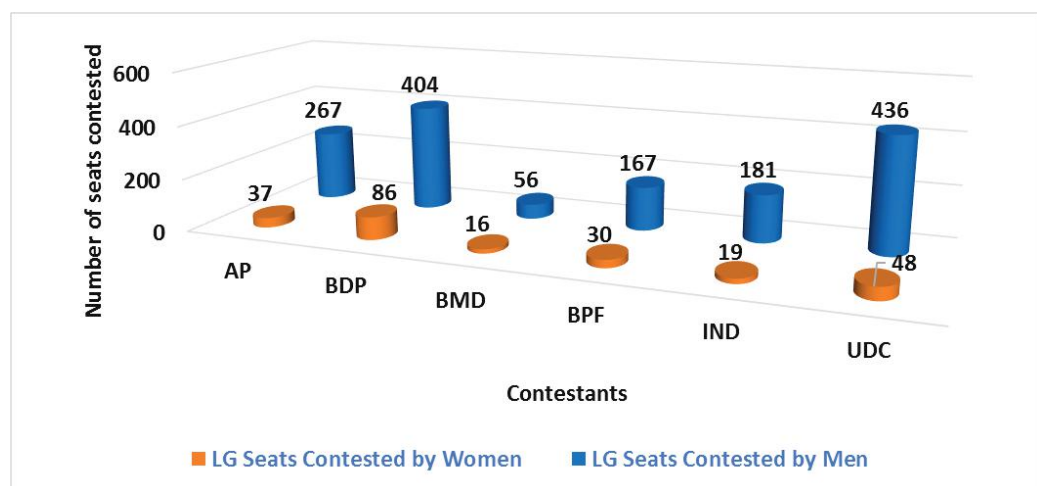

Figure 6: Total Number of Local Government Nominations per Party by Gender

4.4 Security

Maintaining security is integral to the electoral process. It also contributes to the conduct of free and fair elections. Section 63 of the Electoral Act empowers the Presiding Officer to regulate the admission of voters to the polling station, and keep order. Furthermore, Section 64 of the Electoral Act provides that any person misconducting themselves at a polling station can be removed by a police officer only by order of the Presiding Officer. Five Thousand Two Hundred and Eighty (5 280) Police Officers were deployed at Two Thousand Two Hundred and Sixty (2 260) local polling stations, and Five Hundred and Forty-Seven (547) Counting Centres.

4.5 Media Access

The media serves critical roles throughout the electoral process. In addition to promoting public debate and educating citizens, they monitor the integrity of the process and can be a primary vehicle for accountability demands. In recognising the indispensable role the media plays in elections, Seven Hundred and Forty-Seven (747) local media journalists and Nineteen (19) International journalists were accredited to cover the elections. The IEC established a Media Centre where media was regularly briefed on progress of poll and also to share with them the challenges encountered during voting. A briefing schedule was developed for polling day starting with opening of polling stations, progress of voting during the day and close of poll.

4.6 Polling

In order to ensure that no citizen is disenfranchised, the Electoral Act allows for voting during External Poll for citizens in the diaspora; Advance Poll for Election Officers and Police Officers on duty at polling stations during elections and general poll for every registered voter residing in Botswana.

4.6.1 External Poll

External Poll took place on the 12th October 2019 at Thirty-Six (36) diaspora polling stations across as per Section 32 of the Electoral Act. Seven Hundred and Eight (708) casted their votes out of One Thousand and Forty-Four (1 044) who had registered. The Commission received the diaspora ballots on the 16th October 2019, in the presence of various media, observers and political party representatives and distributed them to respective Constituency Returning Officers. There was a case in which Mr. Bakotelo Mmipi brought the IEC before the High Court demanding to be allowed to vote in the Local Government Elections while in the diaspora. The High Court ruled in his favour but pronounced that it was already too late for the IEC to put logistics in place to enable the relief sought by him for the 2019 General Elections. However, in future elections, voters in the diaspora shall be facilitated to vote in the Local Government elections.

4.6.2 Advance Poll

Advance poll for Polling Officers and Police officers was conducted on the 19th October 2019 in all Fifty-Seven (57) constituencies across the country. This was in accordance with Section 61 (4) of the Electoral Act.

4.6.3 General Poll

General Poll was conducted on the 23rd October, 2019. Two Thousand Two Hundred and Sixty (2 260) polling stations opened for polling, between the official hours of 0630 hours and 1900 hours. As provided for in Section 49 and 82 of the Electoral Act, candidates were allowed to appoint Polling and Election Agents to assist them in monitoring the polling process and ensuring compliance.

4.6.4 Vote Counting and Announcement of Results

At the close of poll, the Presiding Officers conducted ballot paper account and transported ballot boxes to Counting Centres, where verification commenced before counting. This process ensured that the used and unused ballot papers were congruent with the number of ballot papers issued. Counting was then facilitated by Returning Officers through their teams. Tally sheets were used to mark a corresponding number as each ballot was counted.

This administrative arrangement has been proven to hasten the counting process and facilitate accuracy of counting. Section 77 of the Electoral Act permits the Returning Officer to declare the results of poll at the place of counting, thereafter return the result to the Secretary to the Commission. When the BDP obtained absolute majority of 29 Parliamentary seats the Chief Justice was duly notified to announce the Presidential winner.

The Returning Officer of the Letlhakane East polling district in the Boteti East Constituency, did not include Eighty-Seven (87) ballot papers from advance poll for counting. The ballot papers were handed to him on the 22nd October, 2019 by the Returning Officer for the Constituency. After counting, the win margin between the top two candidates was One Hundred and Sixty-Eight (168), with Botswana Democratic Party winning the elections followed by Umbrella for Democratic Change.

Upon discovery of the omission, a meeting was convened with the contestants of the polling district election and their agents, on the 4th November 2019. The purpose of the meeting was to come up with a consensus on the fate of such ballot papers. The Returning Officer disclosed that he had delivered the ballot papers in question to the High Court, in accordance with Section 79 of the Act.

The IEC representatives notified the meeting that the only way to retrieve the uncounted ballot papers for counting was through an election petition to the High Court. The election contestants indicated their desire to consult and to later revert to IEC. However, no feedback was received from them and no petition was raised in respect of the polling district by the 23rd November 2019, when the timeframe for lodging petitions elapsed.

4.6.5 Queries on Polling Day

During general polling day (including diaspora and advance poll) the Commission received queries relating to the Election Roll from various Returning Officers across the country. The nature of the queries reflected some anomalies which occurred on the entries of the voters in the election roll, resulting from inaccurate capture of information at the instance of application for registration.

Altogether Seven Hundred and Fifteen (715) queries were received. The Commission made investigations on them and resolved whether the voter should be allowed to vote or not.

4.7 Results

4.7.1 Parliamentary Results

As illustrated in Figure 8, out of 57 Parliamentary seats, Botswana Democratic Party won majority of seats by acquiring Thirty-Eight (38). The Umbrella for Democratic Change (UDC) won Fifteen (15) seats. The Botswana Patriotic Front (BPF) won Three (3) seats, while the Alliance for Progressives (AP) won One (1) seat. The Botswana Movement for Democracy (BMD), Real Alternative Party (RAP) and all Independent Parliamentary candidates did not win seats in Parliament.

4.8 Voter Turnout

Figure 7 depicts general elections voter turnout trends up to 2019. The 2019 General Elections voter turnout was Seven Hundred and Seventy Seven Thousand, Nine Hundred and Forty Three (777 943), which translated to 84%. This turnout is below the NDP 11 envisaged target of 92%. There has been a slight decline in voter turnout when compared to the 2014 General Elections as reflected in Figure 7.

4.9 Countermanded Election for Boseja-Flowertown

The election was conducted on the 23rd November, 2019. Four political parties contested the election and the Botswana Democratic Party (BDP) represented by Tumelo Koolekanye won with Seven Hundred and Fifty-Four (754) votes against Three Hundred and Ninety-One (391) for Khumo Ramagapu of the Umbrella for Democratic Change (UDC), Eighty-Eight (88) for Paul Mosimanegape of the Botswana Patriotic Front (BPF) and Seven (7) for Roosevelt Kgosi of the Alliance for Progressives (AP). The total votes cast were One Thousand Seven Hundred and Seventy-Six (1 776), with Two (2) rejected votes. The voter turnout was 70%.

4.10 Otse-Kodibeleng Fresh Election

The election was conducted on the 11th January, 2020. An independent candidate, Lebitso Merementsi, won the election with Six Hundred and Forty-One (641) votes, followed by BDP with Five Hundred and Forty-Seven (547), UDC with Five Hundred and Eight (508) and another independent candidate, Christopher Nyatsego, with Two Hundred and Ninety-Nine (299) votes. The total votes cast were Two Thousand and Twenty (2 020), with Twenty-Five (25) rejected votes. The voter turnout was 75.5%.

4.11 Elections Observation

Election observation helps to measure the level of adherence to the principles of conducting democratic elections. A total of Four Hundred and Eighteen (418) domestic and Eighty-Three (83) international observers were accredited to observe the 2019 General elections.

Most observer teams were able to conduct pre-assessment while some arrived just before elections. The Commission briefed each mission on the state of preparedness. Recommendations from Observer Missions reports will be used to improve the management and delivery of elections in the future.

5.0 POST ELECTORAL PERIOD 2019 GENERAL ELECTIONS REPORT

5.1 Election Petitions

Election petitions are a fundamental part of the electoral process. The electoral law permits petitioners to complain of an alleged undue return of a result that may be due to irregularities, disqualification, corrupt or illegal practices. The petition may be presented to the High Court by a voter in the constituency or any person who was a candidate at such election. The petition should be presented within Thirty (30) days after the release of the results and should be tried and determined within Ninety (90) days of presentation.

After the 2019 General Elections, Sixteen (16) election petitions were lodged with the High Court for the following constituencies;

1. Boteti West
2. Mochudi East
3. Gaborone Central
4. Gaborone North
5. Gaborone South
6. Gaborone Bonnington North
7. Gaborone Bonnington South
8. Tlokweng
9. Molepolole North
10. Lentsweletau-Mmopane
11. Letlhakeng-Lephephe
12. Lobatse
13. Goodhope-Mabule
14. Kanye South
15. Kgalagadi South
16. Ghanzi North

Additionally, Eight (8) petitions were lodged with the High Court in respect of the following polling districts;

1. Kopano
2. Mosolotshane-Moralane
3. Mmashoro
4. Kaudwane-Sorilatholo
5. Naledi Central
6. Babusi
7. Selemela
8. Bontleng

In all these petitions, the IEC was cited as the first respondent while the winners as second respondents. The High Court constituted four panels of Judges to which the petitions were distributed for determination in accordance with Section 121 of the Act. However, two petitions were withdrawn before hearing by the High Court.

As at the 30th January 2020, a total of Fifteen (15) appeals had been brought before the Court of Appeal against the High Court determinations dismissing the various petitions on preliminary points of law. Fourteen (14) of these were in respect of the National Assembly results whilst one was for Local Government. The Fourteen (14) appeals were dismissed on account that the Court of Appeal did not have jurisdiction over National Assembly election petitions. One (1) appeal for Local Government election which was allowed to progress, was subsequently withdrawn.

Out of the remaining Seven (7) election petitions which had been sanctioned to proceed to trial at the High Court, Four (4) were also withdrawn, including One (1) in respect of the Ghanzi North Constituency. The remaining Three (3) had progressed to trial stage and two of them await determination by the Court, while trial continues for the last one.

5.2 Payment of Poll Staff

Poll staff will be remunerated for services provided through a basic allowance calculated according to hours worked. In terms of legislative requirements, poll staff will be paid through an official payroll to determine the correct statutory deductions per person. The Commission is currently working around the clock to ensure that the staff is paid by the end of the financial year.

5.3 Expenditure

General Elections are an inherently expensive undertaking. The entire expenditure of the electoral activities for the 2019 General Elections, from commencement of the cycle to date, is reflected in Table 3. The expenditure covers an array of critical pre-election activities and requisite materials needed for the smooth running of free and credible elections, such as publicity, voter registration, workshops and election materials. The expenditure for the 2019-2020 financial year was Forty Seven Million, One Hundred and Forty thousand, Six hundred and Thirty Six Pula (P47,140,636.00) as at the 30th January 2020.

5.3.1: Development Expenditure

A total of One Hundred and Forty Million, Eight Hundred and Six Thousand, Three Hundred and Seventy-Three Pula (P140, 806,373) was spent on Voter registration exercises. Figure 4 depicts that for general elections, a total of One Hundred and Ninety-Three Million, Eight Hundred and Sixty-Seven Thousand, Two Hundred and Ninety-Two Pula (P 193,867,292) was warranted out of which One Hundred and Nine Million, Four Hundred and Sixty Eight Thousand, Nine Hundred and Thirty Five Pula (P109,468,935.00) was spent as at 30th January, 2020.

5.4 Challenges

The Election Roll for the 2019 General Elections had some challenges as a result of the manual nature of capturing voters' information. Some voters had been placed at wrong polling stations and some rejected. The challenge was compounded by failure of the electorate to inspect the roll. However, the Commission facilitated voters who turned up at polling stations except those who were rejected in the roll. A long term solution to this challenge is the automation of the registration process.

The Commission experienced an overwhelming number of applications for transfer of registration. The total number of transfers stood at Eight Thousand Two Hundred and Nineteen (8 219) and required a lot of resources (manpower, time and finance) to effect the transfers in the system.

Voter registration for the 2019 General Elections reflected a substantial increase in the number of objections compared to 2014 (1 472 against 633). After their determination by courts, Six Hundred and Eighty (680) voters were struck off the roll.

The low numbers of eligible voters who register for elections remain a challenge. Despite the six and a half months aggregate period for voter registration, the Commission only managed to achieve 73% of the targeted eligible voters compared to 77% in 2014. Voter turnout stood at 84.1% compared to 84.6% in 2014.

6.0 Conclusion 2019 GENERAL ELECTIONS REPORT

The Twelfth (12th) electoral cycle delivered Botswana's 2019 General Elections which were conducted on the 23rd October, 2019. These general elections, which were the fifth (5th) to be conducted by the IEC, ushered in the 2019 – 2024 Parliament and Local Authorities.

The Commission had set a target to register 80% of the total eligible voters of One Million, Five Hundred and Ninety-Two Thousand, Three Hundred and Fifty (1 592 350). The 80% translated to One Million, Two Hundred and Seventy-Three Thousand, Eight Hundred and Eighty (1 273 880). Voter registration conducted over an aggregate period of six and a half months, attracted Nine Hundred and Twenty-Five Thousand Four Hundred and Seventy-Eight (925 478) voters. This translated to 73% of the target. Males constituted 45% while females constituted 55% of the registered voters. During inspection of voters rolls, a total of One Thousand Four Hundred and Seventy-One (1 471) objections were registered before various Magistrate Courts, out of which Six Hundred and Eighty (680) were upheld.

Following the dissolution of Parliament on the 28th August, 2019, Presidential nominations were received on the 21st September, 2019 and four political parties; AP, BDP, BPF and UDC contested for the Office of the President. The National Assembly and Local Government nominations were received on the 26th September, 2019 and six political parties; AP, BDP, BMD, BPF, RAP and UDC contested. In addition, there were Twenty-Two (22) independent candidates for the National Assembly and Two Hundred (200) for Local Government elections.

Polling took place at three stages, with diaspora polling on the 12th October, advance polling (for election officers and police officers) on the 19th October and general polling on the 23rd October, 2019. The release of election results for the various electoral districts started on the night of the 23rd October, 2019 until the afternoon of the 25th October, 2019 and the BDP emerged the winner. The elections were graced by various local and international observer groups, who declared that they were conducted in a credible manner.

Following the announcement of the results, a total of Twenty-Four (24) election petitions were presented at the High Court, Sixteen (16) of which, were for the National Assembly and Eight (8) for Local Government. This was the highest number of petitions raised ever since the inception of IEC. In accordance with the Electoral Act, the petitions have to be disposed off within Ninety (90) days from the date of their lodging with the High Court. As at the 30th January, 2020, Fourteen (14) National Assembly

election petitions which were lodged with the Court of Appeal were dismissed with costs, while One (1) for Local Government was withdrawn. One (1) National Assembly and Three (3) Local Government election petitions which the High Court had sanctioned to proceed to trial, were also withdrawn. Three (3) other Local Government election petitions had progressed to trial.

To wind up the cycle, the IEC will conduct a national stakeholder evaluation exercise before the end of the 2019-2020 Financial Year. The recommendations emanating from the evaluation exercise, which have legal implications, will be referred to the Executive Arm of Government for consideration. These recommendations may prompt amendment of the electoral legal framework.
